Nursery Classes 10:45am

Infant Nursery

At Grace Church we offer a nurturing infant nursery room where screened volunteers from the church interact with and care for your little ones. Each child has a bin for his or her belongings and is given labels for all belongings that are loose. Snacks, juice or bottles are given based on parental request or approval only.

Toddler Nursery

This intermediate nursery is for our children, who are beginning to walk, and is supervised by screened volunteers from the church. Each child has a bin to keep their belongings. The structure is predominately focused on play and developing interactions with one-another. The volunteers often will read a Bible story to the children during the snack time.

Preschool Nursery

The preschool nursery is for 4 & 5 year olds who are not yet in Kindergarten. Screened volunteers encourage friendships through interactive play and sharing. The children are exposed to age-appropriate toys that are engaging and cooperative in nature.

In this nursery setting the children are taught a formal Bible lesson by way of a First Look (ReThink Curriculum) video and activity. These activities as well as monthly Parent Cue cards to reinforce the virtue and topic of the month, will be sent home. A snack is provided to the children in this nursery that usually consists of goldfish, animal crackers, or pretzels.

first look

*Parent Cue cards and memory verses are available in each nursery for each age group.

Nursery Sunday School

During the 9:30-10:30am hour, we offer age appropriate classes for our nursery aged students.

Beginner SS is taught by Mr. Tim and Miss Hilary for children from birth to three years old and provides a relaxed environment where our youngest members are taught about Creation & their Creator. Through repetition in a structured environment of play time & story time, they are able to retain their lessons and return eager to explore more deeply each week.

Preschool SS is taught by Miss Cindy Aran for children 3-5 years old and go through the Bible every year, beginning with Creation, Noah's ark, Abraham, Moses, David, birth of Jesus, John the Baptist, ministry of Jesus, Easter, and the apostles. With crafts, games, songs, prayers and Bible verses, we reinforce each Bible story and the attributes of God.
